

OUR CENTRE

Friendship Square is a not-for-profit community child care centre which opened in May 1981. We are the only community based child care centre operating in the Kingston area.

The educators at Friendship Square have been here for many years and we believe that continuity has helped to build strong relationships.

We believe that "community" needs to be at the heart of all that we do within the centre and also within the broader community.

WE PROVIDE

Meals

Our meals including Morning Tea, Lunch and Afternoon Tea are prepared by our qualified chef - Greta.

Greta caters to all dietary requirements including cultural, allergies and intolerances.

Our menu is planned following the guidelines set out by Nutrition Australia.

Nappies

We provide all nappies required for throughout the day in care.

Sunscreen

We provide sunscreen for use at the centre with permission from families.

OUR ROOMS

Possum Room

Our babies' room caters to children 4 months - 2 years old. This room overlooks its own playground and is bathed in natural light.

With only 8 children in the room at any time, it gives our 2 qualified educators many opportunities to plan for individual learning.

Wombat Room

Our toddler room caters to children 2-3 years old. The trees in this playground offer the children a beautiful natural shaded area to explore.

With only 8 children in the room at any time, it gives our 2 qualified educators many opportunities to plan for individual learning.

Kookaburra Room

Our kinder room caters to children 3-5 years. This room boasts the ever popular digging patch, along with garden beds the children plant each year.

This room has a maximum of 22 children who are educated by a qualified Kinder Teacher and a qualified educator.

The Kinder Program

We run an integrated Kinder program with both 3 and 4 year old children having access. This is also a funded 4 year old Kinder Program which is lead by a 4 year University trained Teacher.

The Kinder Program is play-based, with a strong focus on literacy, numeracy and school-readiness, while also promoting children's wellbeing and confidence.

We believe that the Early Years are the most important in building strong foundations to all children's future learning. We want our children to be inquisitive learners, who are involved and drive their own learning.
